Delivering continuous Windows innovation and value

Delivering continuous Windows innovation and value

As we shared back in February, you'll see us **release new features into Windows 11 more frequently in addition to our annual update.** We do this by leveraging the variety of update mechanisms we have in place including servicing, and Microsoft Store updates.

- Panos Panay

Delivering continuous Windows innovation and value

October 18, 2022—KB5019509 (OS Build 22621.675) Out-of-band

Windows 11 version 22H2, all editions

Release Date:	10/18/2022
Version:	OS Build 22621.675

For information about Windows update terminology, see the article about the [types of Windows updates](#) and the [monthly quality update types](#). For an overview of Windows 11, version 22H2, see its [update history page](#).

Note Follow [@WindowsUpdate](#) to find out when new content is published to the Windows release health dashboard.

“Moment” update for 22H2

October 18, 2022

“January – March 2023”

“Summer 2023”
